

68th Year Annual NASA Convention

National Association of Students of Architecture

# What is ANC?

The **Annual NASA Convention** (ANC) stands as the premier gathering for the student community of the **National Association of Students of Architecture (NASA India)**, connecting 60,000+ aspiring architects, offering an enriching platform for academic excellence, innovation, and cultural exchange. This highly anticipated serves as the central hub, provides opportunities to explore, compete, and collaborate in a dynamic and inspiring environment.

## Overview

The convention celebrates architecture and design through student competitions and challenges. Expert-led sessions and panels explore current trends, sustainable practices, and technological advancements.

Alongside competitions, the Annual NASA Convention features **keynote addresses**, captivating **seminars** and **panel discussions** led by distinguished professionals in the field

**Hands-on workshops** provide practical skill development, while a cultural festival showcases artistic expression.

Beyond academics, ANC serves as a vibrant cultural festival, celebrating artistic expression through performances, **Reubens trophy/exhibition**, and creative showcases.

The convention fosters a spirit of camaraderie, encouraging networking and knowledge exchange among students, faculty, and industry experts.
