Vice president: Resolutions are passed every year. They are temporary and are stored in all year amendments book. After every 5 years each constitution is

looked after and is amended.

DIT, Dehradun

Day-2

24th JUNE 2015

9:30 AM: President takes the attendance

10:05 AM President: Headquarters Issue, Proposal for the HQ to the HQD. Current HQ is not sufficient enough in terms of storage or to handle the association.

10:10 AM

Vice President: Summarizing the important of HQ, Accounts / Finance, documentation Constitution, amendments, Data Transition Platform. Current State of HQ: No information. In Ahmedabad convention SPA left the HQ but nobody took the bid, so temporary HQ set up at SPA, it's been there since then.

10:18 AM

VP - Any queries regarding HQ?

10:19 AM -

VP: Conclusions about HQ We have lost Data over the years.

10:21 AM -

Treasurer: HQ is outdated on its work basis. We have Lot of work as a council.

2126: What is the basic planning of HQ?

VP: To be discussed in amendments session

209: Suggestion as Prasanna stated why we don't hire a lawyer auditor for clerical work for HQ?

10:28 am-

President: Treasurer would present the data/ compile the HQ data for last 6 years.

10:30 am-

Vice President- We need branding for NASA, India.

President- It also includes the investment for branding.

10:31am -

Vice President- Internal Communication is not enough. Starting fresh is difficult. The lost data for 6 years needs to be figured out first. ANC has been failing since last two years. New collaborations starting with new council should run in continuation. Publications should go online. Zonal restructuring needs to be done. Alumni relations very important.

10:37 AM -

Z106: HQ's work could be segregated instead of setting it in one college

VP: The expansion for association is running huge.

10:40 AM -

ZP1: Zonal HQ, Zonal treasurer and Zonal treasurer designees must be assigned to reduce the work on one.

VP: This proposal is made every year, but National level HQ needs to be fixed and for which ZONAL HQ could be taken in account. New members are not being allocated in association. Not in the state for now to get new members.

The EC members brief the GC about the condition of the present HQ. They present a summary of the proceedings and the code of conduct with which the HQ works.

10:45am-

President- Proceeding to statements of finance.

10:46am - Treasurer: Highlights on financial matters. Runs the presentation on yearly expenditure of NASA.

10:58am -

VP- How much total money work do we have? There are 2 accounts NIPC and NASA.

11:01am -

Z630- Has accounts been frozen?

President- It means the President, Vice President, Treasurer cannot authorize. The previous council said no to sign the cheque. Bank does not authorize any details since we were not the signatories. We are changing the signatories, different letters had to be given in the bank, and legally many issues are needed to be handled.

11:07am-

President- Audit 2008-09- Last report, no audit reports for last 6 years, missing bills for 8 lakhs.

11:10am-

VP- Mail from last year's council, audit was left to a stage from where it could have been easily handled. Auditors need to present the audit and leave it at any stage.

11:11am-

VP- What is an Audit?

Z239- a balance sheet of an account checked and signed by a C.A.

11:13am-

President- We had another account 6 years ago, Citibank - Ryan was responsible for that account. He was last president who gave the audit. We are currently functioning with SBI. Council 2010- took decision to start new account. So NASA works on 2 accounts. But around Rs.580000 were found in the Citibank account, no source, and no info there. Audit could not be signed by CA due to incomplete audit for the previous year. For 6 years NASA has uncertified audits. Actually there was a fixed deposit in 1993 in Citibank, premature 3 signatories. Why have FD in NASA accounts? To recover the money we provide as a loan. For e.g. Rs. 12,50,000 was given as a loan for ANC. This is the reason why FD are to recover the lost money in previous investments.

11:25am-

VP - Signatories to be contacted and Citibank account needs to be closed.

Z108- Do NASA, India invested in any other things?

VP- 2 FDs in Citibank (5lakhs and 10 lakhs)

For the website and for FCM.

A detail description is given about the condition of the present accounts that we have in the name of NASA. There is a CITI Bank Account which has to be closed so that further proceedings can take place. Sabarash explains the need of n FD and why the ex-council made an FD.

11:53am- 2122- Website?

VP - No question about website right now.

11:55am -

Z604- How do we keep an account for who all college has made payment and who has not.

Treasurer- Please give us receipt details for all DD's.

VP- Expenditure are not problem, income is.

11:56am -

Z122- Possible for all the printouts right now for all expenditures.

VP- If Host College can help

11:57am-

Z126- We haven't received a mail.

Z122- The last years Treasurer, how secretary Murari has not come?

President- A video is been sent why is he is not there, he had some family commitment. It's important for him to be there. Been a Treasurer for 2 year he has a lot of experience.

Z122: If he chooses to resign, then?

VP- Till this job is done he is not leaving. No work load is decreased, because if we came to find 6 years of work order has to be fixed.

Z606- Gradual losses you have faced, how do you see you see all transaction which are being paid.

VP- This year has been digitalized. Making and amending the constitutions will make it strong.

VP- The whole beauty of the association is its dynamic. The output is not ANC. Focus on things that has to be built.

Z110: List of college who have paid the subscription fee

Treasurer- I have a list of college whose bank statements are cleared.

VP- We would share with the ZP's

Treasurer- Most of the DD's have reached us when they are all expired.

12:22pm-

ZP3- I received a confirmation letter from the Murari but then was informed that my DD was expired

VP- Murari was sorting last years DD's hence by that time the incoming DD's expired

ZP3- Some people have paid on time but they are charged with fine?

Treasurer- Send us the proof/receipt and we would cancel the fine.

ZP3- Whichever DD's, is send for renewal they should not be fined

Treasurer- Yes They shall be sorted

ZP5- We would suggest that make all the transactions in NEFT and send the mails

12:30pm-

VP runs the video conveying the secretary Murari's message to the GC

ZPS- ZP should receive all the information about the treasury of their zone and then can send to treasurer. Work would be more efficient.

12:32pm-

VP- Every mail send to EC should be cc need to be sent to zp's.

Treasurer- How many colleges have problem with NEFT transactions

Z12S- I have personal account. But I don't have a PAN card I cannot make transaction more than Rs. 50,000. It's not possible for me NEFT's account.

VP- Solution- You can break up the amount for now.

12:35pm-

Z614- twice money was deposited NEFT's but it bounced.

VP- Tell us the reason for it bouncing back and we will help you out.

ZPS - Few User's collect money from individual student and they ask for receipts.

VP- Show them the college receipts?

ZPS- We need to tell GC's that the amount is Rs.150

VP- Some colleges take extra money for other works. There is different break up for every college.

ZPS- Students should know that Rs. 150 is the subscription fee and not more.

VP- User's should inform students.

11:40pm-

ZP3- The extra money is taken by user's for the next missing batch (4<sup>th</sup> year). At times students aren't informed about it. They should be informed about the subscription fee

12:44pm-

VP- I am mailing 57<sup>th</sup> ANC audit report

11:45pm- Break for Lunch.
