EMBARK

Day 1 February 07 - 08, 2020

23:56 Hrs

President: Okay, we will start with convention-related problems.

Secretary: I know there have been problems related to accommodation. We are trying to sort out the things. Lots of Zone 2 colleges are helping us. Since it's a council hosted convention we have to come up with a solution also. By we I mean us.

President: Okay since no problems, we will move on. We will be having zero hour.

00:00 Hrs

Z304: Can you tell again where to put stickers again for Reuben and how?

President: **Explains**
In any reports that you are submitting on the last paper sheet will be a sticker.

Treasurer: I am going to tell you the proposed marking criteria.
Announces marking Criteria
Is everything clear?

President: Any clarification, suggestion or changes? You can tell.

silence

President: Everyone is okay? Okay.
If there will be some problem, any colleges who will need volunteers for panelling will be telling Hardeep Singh Treasurer Designee.

Z303: We were promised the delegation kit.

President: We will give it tomorrow. It's ready, we will give it to you tomorrow.

Z303: Also, for the food, we have fewer counters. We will need more counters.

President: We will let the innovative group know. Also, the delegates are moving too slow. Ask them to move fast.

Z612: Our delegates are complaining that lectures are happening in Hindi.

President: We will talk to the tutors about this.

Z403: The special lectures are not clear due to the echo problem.

President: We have talked to the event organizer about this.

Z214: Can we get a map? The delegates are having problems finding places. The volunteers are having this map.

President: Okay. If anything is already existing we have no problem helping.

Z613: Some workshops were not allocated. Also, the projectors were not there.

President: Okay we will not let it happen from tomorrow. The volunteers were busy in registration. The thing was due to transportation.

Secretary: One announcement related to accommodation. Many people were sleeping in the high street area. This cannot be allowed today. The Carpeted area is being set looking towards the service roads.

President: Another thing which is very sad that was happening at the main stage is that the delegates were not happening sitting there. But there must not be such things happening again.

President: All right then the convention agenda is done handing over to the delegation committee.

Advisor: Okay we are starting with a collection of the nomination form. What we decided as an election committee is that once a submission is over its over. We will now be checking the signatures of everyone. If anyone has not got signatures then nominations will be opened till tomorrow.

Z1 : **Intro**

Advisor: This does not have a sign of ZP so we will not be considering it. Any other nomination for ZP1?

silence

Advisor: Okay the post remains open till tomorrow.
Okay, now we will open for ZP2.

Z214: **Intro**

Advisor: Any more nominations for ZP2 of the 63rd council.

Z247: **Intro**

Advisor: This form does not have ZP2 Parshva Shah's signature so we will not be accepting it. We can still take the nomination form of observer college if the Zonal President signature is present. Here, the signature is not there so we will not accept this form.

President: Ask them if they understood.

Advisor: **Repeats**

Secretary: Since this is a special case, ZP2 is not present in this convention. We discussed with ZP2 and we will allow the President to nominate and we will provide one day for that.

Advisor: Okay we will now move to ZP3.

Z301: **Intro**

Advisor: Nomination accepted. Any more nominations for ZP3 of the 63rd Council?

12:28 Hrs

Advisor: Fine, we are closing the nomination. We will now open ZP4 nominations.

Z421: **Intro**

Advisor: Nomination accepted. Any more nominations?
Fine nomination closes.
Now we will open for nominations for ZP5 for the 63rd council.
Is there any nomination?

Z555: **Intro**

Advisor: Nomination not accepted. Fine, we are still open for it.
We will now open for nomination for ZP6.

Advisor: Since we clearly mentioned before that the president will be signing. And since the signature is not there we are not accepting it.

Advisor: Again there is no signature so the form is not accepted. Any more nominations?
Fine, we are still open to it.
We will now move on to PR.

Z112: **Intro**

Advisor: This form does not consist of signatures of any EC or ZC so not accepted.
The post is still open.
Okay, we will now move on to the post of VP for the 63rd council.

National Association of Students of Architecture, India

62nd ANC GBM | 2019-20

EMBARK

Z520: *Intro*

Advisor: Any more nominations for the post of national Vice President?

 Silence

Advisor: No more nominations? The nominations are closed.

Advisor: Okay we will move to the post of National President for the 63rd council.
Any nominations for the post of President for 63rd-year council.

Advisor: Fine. The post is still open till tomorrow.
Okay, nominations closed will open only in the next GBM.
Okay, the posts with only one nomination will be thoroughly scrutinized and we will
put forward our points. Then we will cross verify.
Any doubt?
You can ask doubts even if you are not standing.

Secretary: So, how many of you have put up queries on the website?

Raise of hands

Secretary: And how many have gone through the forms?

Raise of hands

President: All the forms?

Secretary: Yes. All the forms.

Advisor: Yes it is very sad that only one has asked doubts.

 Does anyone have any doubts?

 We do not want you disturbing us during trophy registrations and panelling.

12:42 Hrs End of Day 1

President: Congratulations to all.

ANDC: Congratulations to all.

01:30 Hrs

President: Tomorrow we have a lot of panel discussions
LIK Shortlisting at 10:30 AM
LIK Post Jury
Carbon FootPrint on Sustainability.
G-SEN Moderator and Juror and then there will be a movie screening at speakers
corner.

HUDCO POst Jury at 10:30 AM followed by Eco-Friendly Sustainability talk by
Gaurav Shorey.

A panel of 3-4 people please try to maintain a good quorum there.
Any issues and queries you want to put, therefore we can move forward,
Convention related issues?

Z122: When will Writing Architecture shortlisting be announced?

President: It will be announced before the keynote.

President: Did your units maintain the decorum?

Z116: Since there was a lot of time in Reubens, why not allot time slots?

President: Something about panelling and registration.

Z116: We were in line for 2:30 hrs.

President: Because that will take more time.
Time slots may take more time and if some college is not ready at their given
time slot then it will be very difficult to maintain the decorum.

National Association of Students of Architecture, India

62nd ANC GBM | 2019-20

EMBARK

- Secretary: When time slots are allocated then people who came late for registration, they automatically have to wait, that's why it doesn't work.
- President: If you have any better suggestions please tell, we will take it forward.
No other Queries.
Please pass on the mic.
- Z158: During the Rubens panelling, there were three different no's in my panel codes, they weren't put properly, because of that I have to wait.
- President: Because for panelling only HQ Volunteers are allowed, so because of line people, this is the case in the few panels that old stickers were kept in completely intact.
Does anyone want to play a song until everyone is awake?
- Treasurer: How many faced table pin issues on the panel.
This is what happens when you don't remove the pins, whenever you go for a pin down. Please remove all the pins properly.
Is there any college who got all the documents properly, Trophy, College and main registration?
- Public Relation: How many of you know how to fill a google form, whatever you fill in the transportation form was wrong, one small thing you had to do, gives it time.
Because it creates a lot of mess and also your faculty transportation will only be in the morning and evening.
Please clarify to them that breakfast and dinner will be provided here only.
- President: Pass the mike.
- Z535: Can you do something about hygiene in the food court?
- President: No, actually the quality was focused, Innovative film city team.
- Z521: The water supply in boys' accommodation was cut.
- President: Was it brought to the attention of the accommodation head.
- President: Who wanted jain food(colleges).
- Public Relation: Only four of them, how many delegates were there? 6 of them and only 2 of them collected, please tell them to collect, its really bad, when food is coming from outside.
- President: This is not a complaint, we appreciate your understanding, please fill google form properly from tomorrow for transportation. Because only you guys will face the problem because of that.

Advisor: We will begin with the 63rd year election nomination forms.
Can you guys hear me?
Open for ZP1 nomination.
There is still no form signed for ZP1. Any other? There is no one who had signed any other nominations.
Alright, do you like to put something forward, regarding this?

ZP1: Not only me, whole zone 1 is not satisfied with both the nominations.

Advisor: If we close the nomination for ZP1. General Council, Zone, do you wish to express anything (yes or no).

Z133: Can you please explain what will be the procedure if no one gets nominated.

Advisor: The choice consideration for ZP1 is under the president, any other doubts or you wish to put anything else, shall we close this nomination?

Z116: Can we hear the agendas?

ZP1: We have discussed those agendas 6 hours back, I haven't yet received any info About that, but if you want then the election commission will be fine.

Advisor: It's up to the election committee, we haven't found any confidence.

Z122: If the things are like that, you appoint someone, and then deny the duty.

Advisor: Zone comes under HQ, the Treasurer and the Secretary takes care of that.
Any other clarification?
Shall we close it officially?
General Council of Zone 1?
It's better you put it here, so we can suggest it directly.

Z158: Can we get an extension of one day?

Advisor: The only sign missing is of ZP, I don't know what you get with an extension of 1 the day after all the nominations we opened for talking.
Since ZP2 is not here, so the zone is under the President and the President can sign

On behalf of ZP2.

President: Another candidate because I haven't signed because I had no time to interact With them, so they can come forward to present their agendas.

Advisor: What is the General Council of Zone 2, do you express anything about this?

Z211: After the zonal round-up twice, we accepted the nomination.

President: Again as the election committee permits both of them to present their agendas, since I didn't sign any one of them, so please come forward.

Advisor: Do we take it as yes?
Please indicate what we can do?

Advisor: We decided that the President will sign on behalf of Zone 2. The nomination of Priyal is accepted, then you can go out, you can't discuss here. Then-President will decide to sign or not. You can go out.
The entire General Council is ok with it?

General Council - **Zone 2** - It's a yes.

Advisor: It is okay.

Z122: Can we open for a zero hour because we are sitting here for so far.

Advisor: We as the Executive Council, decided that the new president will be nominated, we have a zonal round-up we will later decide the voting if both the forms get accepted.

President: I am facing a similar issue with Zone 6 also, please hear it out.

Advisor: Okay, he is Okay, for Zone 6 here, since he didn't get time, then they have to present their agendas.
Fine, all the nominations will be informally heard by the President.

Both General Council of Zone 2 and Zone 6, are you okay with it?

The informal discussions and then later the presentation of agendas

02:15 Hrs

Advisor: All night you can have a quick Zonal round-ups - to check the nominations.

Z210: There is a slight confusion regarding both the zones.

Advisor: In the case of denomination if it is already accepted, then this happens at the time of agenda presentation. After all the nomination he can give a voice nomination.

We Will move forward for ZP-5, 63rd year.

Is there any nomination, Dinesh do you like to express anything?

ZP5: I have not received any satisfactory entry before the deadline. I gave them a chance but didn't find anything satisfactory so I didn't sign any of them.

Secretary: Dinesh one entry is submitted without your signature.

ZP5: They have not approached me at all.

Secretary: There is only one form of Z518.
I would like to ask the Usec of Z518 to explain General Council of Zone-5 anything about this

Z521: If you see in his form, Usec was nominated. And me, after he sent a mail to the secretary, the issue was about what?
We will consider signing it, but even we are not aware that our names was put forward.

Advisor: Ok, anyone else wants to say something?
So, shall I close the nomination officially for ZP5?
General Council of Zone 5, is it OK?

Z520: All the nomination form, just because the post is blank, Council thinks we should close it.

Advisor: Me as an Advisor, will advise because it's an amendment year, so try not to create a vacant form.

Z535: If there is one more Zonal Roundup, we get one more nominee.

Advisor: That is what we are saying.

ZP5: Can, get some time just to think last time.

Advisor: Now, we will kove for post of Public Relations, is there any nominations ZP5 wants, the form doesn't have two ZP and one EC sign.

Public Relations: Dinesh approached me at last, request Executive Council to present and so if i could give my word, because it's an amendment year.

ZP1: Vinod would also like to have some time to stay here.

Secretary: Anyone in the General Council have any opinion about this?

No Opinion

President: This is not about Public Relations because it's better to present because the The Executive Council is a bus, again I request the Executive Council.
I will take observer issues to Zonal Round Ups, but I request those to come up.

Advisor: We will now move for the 63rd year National President.
We as the Executive Council see what has to be done.
Nomination for National President for 63rd Year.

Vice President: Submitting his form for National President.

Advisor: The declaration form is not duly filled, so we request him to fill, the final form of HOD is Ok, so we request him to submit it by tomorrow. Right now the form is accepted.
Any other nomination for the post of National President for the 63rd year?
We will then close the nomination.

Zone 2, closed for nomination of ZP
Zone 5, closed for nomination of ZP
Zone 6, closed for nomination of ZP

Advisor: Candidates can meanwhile approach to National President for the post of Public Relations.

Advisor: So, we will break for 30 minutes for the Zonal Round up.
Even Zone 1 can have a Zonal round up, or then the National President can appoint a ZP.
This is a special case this year because the council is busy in hosting the convention.
Now you can have your round ups.

04:08 Hrs

Advisor: President will appoint a outgoing USec directly as ZP, if not then that post will be discussed in the next GBM.
Before the voting process starts for other posts.

ZP1: Discussion will be told to you before the election.

Advisor: ZP 2, the National President has to make a decision before the final call.

President: Me, Treasurer and Secretary heard both the nominations for ZP 2, the zone 2, I thought something new would come but there is nothing like that.

Advisor: The form of Priyal Mehta is still counted. If Parshva Shah, signs the form then that also will be scrutinised by the Executive Council.
For the post of ZP 3, there is one nomination and the agenda process will happen and will get scrutinised by the Executive Council and General Council.

Advisor: I would like to ask ZP 5, and will close the nominations now and President can have the authority.

- ZP5: You can close the nominations for Zone 5.
- Secretary: Zone 1 applied, the decision will be shown before the voting starts.
- Advisor: For Zone 6, both the nominees got voice nominations. Executive Council, Zonal Council, General Council decided that both have the opportunity to present the agenda and get the voice nomination.
- Advisor: For the post of Public Relations, same clause will be taken and the the decision would be final.
For Vice President, the agenda was presented, it will be scrutinised by all the council members. If General Council feels the nomination is not valid, then they can be removed and the post will be vacant till next GBM. Same for President, all the clauses will happen accordingly.
- Advisor: The post is officially closed, the Secretary will absorb the post and act as Secretary and President, and Treasurer will be Treasurer and Vice President as follows.
No rapid actions are taken here, please give your views.
For President Simarjeet has presented.
- President: Is everyone clear what the Advisor just said?
- Secretary: No one for the post of ZP1, so it will be appointed by President, moving on to ZP2, first and only Z214, Priyal Mehta, I invite her to present the agendas.
- Z214: Agenda for ZP2

Agenda Starts

- Advisor: So we will be hearing from Z217, Devraj, so you can say.
- Z217: I am nominating Priyal Mehta as ZP2 of 63rd year.
- Z217: She can do something regarding how to tackle the problem, she speaks in every meeting.
- Advisor: Does the General Council have any question regarding that?
It's open to the entire General Council.
We will ask the same to Executive Council and Zonal Council, Do you have any questions?
- Public Relations: The points you mention by justification is just basic Unit Secretary job role, What's more she has to be ZP, which is more?

Advisor: You can address the question.

Z217: Are you going to answer?
ZP can be impeached.

Secretary: Anybody has a question?

Advisor: What do you think are the roles and responsibilities of ZP?

Z217: ZP should bridge the gap between association and the Unit Secretaries(Zones).

Advisor: You need to justify your signature.
Advisor: So far your justification is not satisfactory.
The Executive Council and Zonal Council you can also question, and together you have the power to revoke the nomination.

Treasurer: I feel you don't understand the power and rules of zp2, I fell nomination should be Revoked .

Z217: I never said that zp have to host the convention

President: I took wrong now

Z217: means he/she should uplift the zone as well as association and take both of them Together

Zp3 : Now do you think she can bridge the gap?

president: Why are you people at the back leaving? (washroom)
You can not leave without permission

Z217: I think she is a responsible person as i observed

President: The zonal roundup I attended I got similar types of answers, do you think it's the same for everyone? Yes or No?

Z217: Yes

President: So he said yes, meaning Z217 if they are responsible enough. That means he could nominate anyone who is responsible?

ZP1 : That is your personal view. What is your professional view?

Z217: I talked to her, that she will bring the colleges back to the Association.

ZP1: So, her job role is that?

President: Can you please state the statement she gave in the vision?

Z217: Working together and growing together.

President : On behalf of the EC, we are not satisfied by Z217.

ZP3: On behalf of ZC, we are not satisfied by Z217.

Advisor: We are now open to GC, you can put your opinion, if you are satisfied or not just clarify. Because the EC and ZC, EC is not allowed to vote.

Z210: I personally say, during zonal roundups, I suggested, he said this because of his personal relations.

President: I clarify during zonal roundups, i asked for personal opinion, but

Z211: The zonal roundup his statement was the same.

Secretary: Anyone else from the General Council?
I request Zone 2 General Council to take a unanimous decision.

Advisor: I talked to Z210 while acting as ZP2.

President: Zone can do.

[REDACTED] : As the entire zone we wish to revoke the nomination.

ZP2 : I personally feel that it should be revoked.
We move to second nomination Z224.

Secretary: Use of Z224 is not here.
Z205 nomination Priyal Mehta for ZP2.

Z205: It is not only her agenda, first agenda. What I feel is she wants every individual students to come together and improve the zone. Priyal is unbiased, irrespective of college, she takes stand for what is required, so I nominate her.

Secretary: We are open for the Executive Council, General Council and Zonal Council to ask questions to nominee.

Z210: Every student do the work, every student is paying for NASA, but not everyone is participating.

Secretary: What is the difference between her and you?

Z205: So she is covering the work of every student who is not working.

Secretary: I understood how she would make it.

Z205: We Unit Secretary take students to participation and any how they contribute to the association.

Advisor: Secretary will read the justification.

ZP2: I have to go through it, hence I never signed. Priyal Mehta, she has great communication power, she can take the post as Zonal President.

Advisor: This was sent by the President of ZP2, so it is open to the entire General Council and also has the right to nominate them now.

Secretary: Right now we are focusing on the reason for nominating.

President: Statement of ZP2 (Parshva),
Questions please.

Z521: I feel that the statement ZP2 gave is very similar, the statement is not matching with her agenda at all.

President: Anybody from zone 2?

Advisor: So even the Executive Council feels the same, it's more on the basis of friendship. We open again for the Executive Council, General Council and Zonal Council.

Advisor: It's still open for questioning.

Z158: In that statement, she is responsible and good composition, to check that by questioning only.

Advisor: We first go for nomination. First nomination and then agenda.

President: I have seen Parshva complaining about questions well, I think.

Secretary: ZP2 said he did not add anything to it.

President: I am saying this again, why he give a reason like this, I'm not satisfied from this reasoning.

Advisor: Still open for discussion.
We ask them to confirm the situation. After receiving the mail we got this open so we are closing out.

President: Volunteers keep a check on the gate.

Z210: As explained through online mode by Parshva, there is no clarification.

Treasurer: Justification given by ZP2 is not respectively.

ZP1: I don't feel his nomination is good.

Public Relation: I have a point, Parshva still nominated you as he is equally responsible to do that.
I think it's a take for good.

President: But it's not a unanimous Justification.

Z205: I agree with Public Relation's statement that he is also responsible for that.
So I feel he has potential.

Advisor: Please go to her form and read the agenda.

Secretary: What steps can be taken to provide accurate measures.

Three problems and questioned yourself. Summing up the agendas.
Observers become members, it's not possible in your tenure, give an actual situation for your zone.

ZP2(Acting): We like to work for trophies, how to move towards, talking about events and other collaborations, we do not have that needs to be addressed publically, we have a very tight academic schedule.

Treasurer: The Unit Designee's are appointed after you zonals.

ZP2(Acting): The procedure of our college is different, we are trying.

Treasurer: Do you have any plans to resolve this, maybe you can appoint your Unit Designee before the First Council Meet.

ZP2(Acting): Now I have no answer for that.

Secretary: We have a question from Module?

President: As mentioned, you say that your vision states more towards the post of Vice President.

National Association of Students of Architecture, India

62nd ANC GBM | 2019-20

EMBARK

Vision= (Achieve, Evolve and Sustain)

- ZP2(Acting): But why are you more concerned about my zone, that's my concern.
- Advisor: Question from Executive Council, how many trophies should be there in Zonal Council Meet?
- ZP2(Acting): Reubens, one more design some kind of on the spot with two different colleges, photography something.
- Advisor: How many of you have attended this year's Zonal Council Meet?
- ZP2(Acting): We could manage only three.
- Advisor: Do you think Zonal Council Meet is necessary for a zone?
- ZP2(Acting): At that level it is important, but it needs to be work out until or unless, don't know what is happening.
- Secretary: Question related to driving force for your entire tenure.
- ZP2(Acting): Yes I feel it would be enough, I am passionate about it, I am very sure.
- Secretary: Parshva questions, please suggest a way to make the Unit Secretary more accountable.
- ZP2(Acting): There should be much more than attending a convention, in Zonal Council Meet the Unit Secretary making more attending.
- Secretary: You are saying giving proper attendance in Zonal Council Meet is enough to make accountable.
- ZP2: That would be enough.
- Secretary: Do you have any other questions you will resolve at college level. Do you think it will happen by a Unit Secretary.
- ZP2(Acting): There are some issues of Head of Department, he have responsible enough to react back.
- Secretary: There is a difference between helping the Unit Secretary resolving a issue or doing it by yourself.
- Advisor: Everybody settle down.
You can take my question, is sharing knowledge without any repercussion You are talking and revolving around the same thing what association is also doing?

- Secretary: My opinion is also similar, your understanding about association is limiting you. The Executive Council is done with questioning or Executive Council, General Council and the Zonal Council have any questions.
- Advisor: We don't find any description in this sign of the Head of Department. In discrepancies in form? She has to get one Unit Secretary and the nomination sign to get the post?
Only question.
- Treasurer: My opinion is she has good knowledge and ideology of Parshva, she can be good ZP2 for zone 2.
- Secretary: I don't agree with Ashwith.
- President: Because it's an amendment year, you take less time to study what you are capable of?
- Advisor : You can get the rest .
We conclude the session over here.
We will start early around (9pm) right after the Battle of Bands.
That's it, good night.

End of the Day

08:48 Hrs

Day 3 February 09 - 10, 2020

11:00 Hrs

- Advisor: Priyal Mehta you got the sign of president but not the sign of member colleges USecs.
- Advisor: GC would like to put something regarding this?
- ZP1: I believe this is not his own personal decision.
- Z214: It is my personal decision.
- Z212: Because I nominate for the ZP not USec.
- Advisor: I think you changed your opinion. It has to be your self-analysis.
- Z212: I don't know all necessary points but Priyal Malik does so I signed. In Zonal roundup I.
- Advisor: As the election comes, there is only one nominee so you talk about this only.
- Z212: Yes I nominate.
- President: On a great personal note, to the entire Z2, is a clear case of bullying. In one previous zonal roundup the agenda was that it wasn't bullying rather a state of confusion.
- Z220: We are concerned as a zone, about his own opinion or not, we consistently asked him to not go against the zone.
- Z205: It was a case of peer pressure not bullying, he made his decisions today and then signed.
- Z202: I became Use without being UD, consequences and future charges. I am from Member College. We as a zone is more trophy content being the voter of association.
- Secretary: As being appointed he is new USec that he wasn't UD so he can't take a decision on his own. But because of the pressure of the zone he was shying back but now

he says yes. Before announcing our decision we want to take stand of the President as to why he signed the form?

President: So when, I saw the elective form of Priyal , I wanted to understand. I agree that the agenda is weak but I saw understanding in it, so I gave the eligibility and this is a gain, I thought, for the entire EC.

Advisor: One of the member colleges wants to make it valid, come to front and make it valid.
We are opening for voice nomination.
You cannot sign.
Anybody coming forward to nominate Priyal Mehta in Z2, GC?
Acting ZP shall close the nomination.

Z112: He just said he doesn't have enough experience to even become a USec.

Acting ZP2: I close the nomination. As there is no HC

Z116: This is just a suggestion. Because the 63rd year is an amendment year so think before it's done.

Z112: I think you guys should go forward as this is an important year.

Z205: He striked of his sign because he,

Advisor: He himself accepted that he is not eligible to sign the form.

Secretary: So somebody who is that unstable, we cannot accept him as a signee.

President: Don't drag it.

Advisor: Direct appointment of ZP can be done by the president.
For one last time, for Zone 2, shall we close the nominations? As the new ZP can be selected from next GBM. So it's like selecting a ZP directly from UD. Please think about it.
Can we close the nomination?
Do you have anything to say?
We are closing, the president can appoint the post in consultation of EC to appoint someone directly at ZP2.

President: So under that clause, we do not want to do this, so we don't want to proceed with this.

Advisor: So the post is vacant till next GBM.

Secretary: Moving on to nomination for ZP3.

Secretary: The form has been nominated by Z324, Amit Suthan, I would like to know the reasoning for that.

Z324: My reason for nomination is based on my observation, according to me he is the most active USec of Zone. According to his agenda, working in a small pocket and the quality of work can be increased.

Secretary: I would like to open to the EC, ZC and GC for questioning.
Anyone from GC has any questions regarding that agenda.

Advisor: As he mentioned why he has only mentioned the group C is weak in zone.

President: In his form he said, he wants to increase the number of units in the zone. I want to know your opinion on your agenda.
It is not something we are following for a long time, I want to know your opinion.
Why do you think it's necessary?

Z301: In our zone only 30 colleges were competing, the saturation level was reached and not increasing. So if the number of units increases then competition will increase and the performance will also increase.

President: To increase the competition why is it needed to increase the units? There are many other options, like zonal competitions.
I think this reasoning doesn't suffice.

Vice President: In your criterion statement it is motive.

Advisor: We will come to the agenda please wait. Any other questions?

Secretary: And Z310 second nomination, Komal Baheji.

Z310: He has been a very clear speaker and listener.

Secretary: Any questions to her from GC, EC and ZC?
I want to ask what does he mean by zonal integrity?

Z310: Because we have three different types of colleges with different academic schedules so we want to have the maximum participation.

Advisor: To solve this issue, what is that issue in the zone?
I want to know it from you.

Z310: Our council group.

Public Relation: Repeat.

Z310: So the same problem, working as a city not as a zone. Unit Designee, Unit Secretary.

President: Right now you want to say, there are 3 parts in zone, Unit Designee, Unit secretary and the city.

Z310: As I said, not a Unit Secretary, Unit Designee of the same college, there needs to be more participation, not these parts.

President: You are talking about those as a group.

Secretary: Anymore questions from the general Council.
ZP3 Ayushi Sawalka

ZP3: So the first point is, zone 3 lacks to have an opinion, he might not have a fairly decisive opinion, but he has understanding and an active participation. Even this is the point, he has a good understanding of court.

USec job roles, he completed them at a good pace, he had achieved the level of understanding the job role of Unit Secretary.
It takes nothing to help the other colleges when we are having the discussion of NASA day. He worked out the entire schedule of the city on NASA day. I agree it needs refreshment, but this time of consideration he is aware of what he has to do.

Secretary: Anybody wants to question her reasoning.

President: He continued for a few days.

ZP3: The zone was dead for two and a half months before precon, we couldn't have the proper discussion to have an idea of inter zonal activities about. And the present of november-december, inter zone meets can also be done.

Secretary: Anybody else wants to question her.
Now we open for questioning on her from Executive Council, Zonal Council and General Council.

Vice President: As per nowhere there was no group between Unit Secretary and Unit Designee, so what.

Z301: To bridge the gap, there's always a formal touch of interaction, no informal working on informal interaction, what in one point. So the interaction part can be included.

Z304: What can you do for interaction?

Z301: Apart from zonal roundups, I have not formulated anything, but,

Z333: It's from the Unit Designee side, that your interaction wasn't good, so how do you counter it?

Z333: You didn't interact with the whole town. Now you just started

Z301: No it's not just because of.
Because next year is amendment year, so you have to be very specific.

ZP5: You previously mentioned, I want to know what you will do, you are just proposing another meeting, I want to know your intention in other ways.

Z301: It was only to portray the professional part of me, they don't know me, on a informal level.
At present there will be zonal roundup to counter that.

Secretary: You are not ready to do what you want to do, that is what is missing in the agenda. What you want to add.

Z301: Till you, there is nothing as such missing because they don't know me personally, they I only know how I work. That's why.
Only the interaction part is between Unit Secretary and Unit Designee have to be filled up.

Treasurer: It was asked to analyse, it's just written here, what is already in the constitution.

Z301: The HQ, ZHQ And NIPC.

Advisor: Put both pros and cons of the administration structure.

Z301: The proper kind of..

Treasurer: You are saying to create sub HQ. Can you explain it?

Z301: This mentioning to create a single HQ not ZHQ, so association should still work smoothly.

Secretary: Please specify the kind of emergency that hasn't happened in the last 62 year.

Z301: If the shifting of HQ, it stops the working of the association.

Secretary: Don't you think creating a ZHQ, that will take more resources and waste of time.

Vice-President: Can you explain the job role of HQ and job role of national secretary.

Z301: The job role of HQ is to keep the check on how the governing body is working. I don't know the job role of secretary.

Vice-President: What do you think is the role of NASA HQ?

Vice-President: It is just a place according to you.

Z301: taking example of parliament.
He is one of the posts of the EC although i am not clear about this.

Treasurer: How do you think zonal exchange programmes can work?

Z301: Share of ideas between two zones, work exchange, trophies,

ZP5: Again coming back to the ZHQ, Can i know even if you remove all that. Can you explain to me the job role of ZP?

Z301: He is the mediator between EC and GC, he is one responsible for bridging the gap.

ZP1: Do you think there is a trust issue between Z3 and council?
What do you think you should do if you are ZP3?

Z301: Transparency between the associations.

01:35 Hrs

Advisor: Do you think your zone has experienced trust issues.

ZP1 : Do you think the previous council was biased?

Z301: The work we put out there wasn't at a satisfactory level.

Advisor: Do you guys agree with him?

Z3 GC: No.

Advisor: You put your personal opinion raising the trust issue, on a GBM and you are into it.
It is a trust issue with you or GC or just a statement?
This statement is completely invalid.

Secretary: I want to ask about your driving force.

Z301: In our college in the first year we don't know much about the association.

Z301: Why was the informal zonal not there?
Being about only Z3, there was no particular slots was

ZP3: The reasons were discussed by us on whatsapp.

Secretary: If you are not ready to even know the problems then how will you solve?
You are talking about architecture but you only stated things directly from the constitution.
You have no long term goals for association most of your agenda is

ZP1: One point must for your terms

Z301: Inter zonal activities other than conventions and meets.

ZP1: What are the top priorities you think?
To coordinate all activities in the zone. Why does event come as top priority?
Last vision, mission. The unit in the zone.

Z301: Amongst the zone.

President: I don't see it as some sort of conclusion.
There are too many points.

Advisor: We EC, form is valid, nomination accepted. We just question his knowledge and understanding is less. We are just putting our opinion.
You are a good candidate but knowledge is less.

Secretary: You did not mention any plans in the agenda and any special.

Secretary: Anyone else?

Advisor: As per your statement, Ayush knows much about the constitution and he can convey that to the USec. What is the difference between he ensures and what he know? You gave 5 justifications but all are the same.

Z611: I nominated because our zone needs a foundation.

President: The basics could be delivered better by Ayush.

- ZP5: Good morning everyone, I will start with basic job roles of the Public Relations which according to the constitution which has only two points, one is to handle all the collaborations, and to maintain communication internally as well as externally
of the association.
Explains the job roles of PR
PR initiates things.
Presents the Agenda
- Advisor: Now we will start with the nominations separately.
We will start with Z620
- Z620: I nominated Dinesh for the post of Public Relations as i have known him personally and he handles the roles very effectively and was a constant support when he came to the Zonal convention of Zone 6. Talking about the agenda he has something very achievable, and which is the necessity at this time and which can be done.

Z__ : Yes

Z620: Helping out the Zonal Convention.

__ : Other than the constitution?

Z620: Helping out on the website and handling social media.

Advisor: My question to the nominee.
What do you think are the kinds of collaborations PR brings to the council members, he has to deal with all the collaborations or is it just the trophy related collaborations?

Z620: When it comes to the collaborations he takes care of the collaborations related to trophies as well as the other collaborations which benefits the students body.

Advisor: No questions?
Second nominee Z432.

Z432: PR is the face of the association throughout the year, he has all the agenda catering to the need. And the second point is that he has been a part of NASA since past 3 years, he is the right person to portray what NASA India is right now to all the society.

Advisor: Any Questions?
My Question is regarding the knowledge towards the post?

Z432: That's what i said that he has covered major points in the agenda regarding the job roles. Regarding the site visits thing i like having it two times, it will be better for the college also and towards the association.

Advisor: Any Questions?

President: Do you think so that NASA should be going out, according to his agenda?

Z432: Yes i think so.I think we should move out and look for sponsorships till it's helping us.

Advisor: Any Questions?

___: What do you think the current scenario of NASA is among the people?

Z432: If we call out the students their general response unfortunately will be about the conventions, trophies related stuff only.

Advisor: Okay no more questions?
We will move forward to the nominations from Zonal Council. We have ZP1 nominating him.

ZP1: The major reason of nominating was that he has been in the council for this year as ZP5 and knows the proceedings, so he can start working from the starting rather taking time to understand the things.
The only negative thing i feel is, whatever work is given he conceives the things at the last moment and does it in stress.
Coming to the form, his basic understanding of the association and the administration is clear, yet his agenda talks about the basics about PR.
Discusses about his agendas.

Advisor: Any questions ZC, EC and GC?
My question to Akshat is what can be his priority as PR?

ZP1: Curating the association.

Advisor: We will move on to the next nomination from Ritik.

ZP4: *Gives the reasoning for the nomination.*

Secretary: Talking about these 5 points, we can think of changing the job roles of PR in this amendment year.

Advisor: Okay now both the nominations have spoken about their views, now i would like to ask your view on the post of Public Relations.

ZP1: For me it the post through which any information going out of the association is handled, as well as the working of the association should be handled.

Advisor: We will have the opinion of Simar, the current national Vice President.

- VP: Due to bad administrative structure, the corrections are not done properly. The duties have to be shared throughout the council. Currently the PR is handling the external communications, the lack of experience that has been there, the PR needs to have more information. Rather the Secretary and President having more experience and knowledge should try to control the external communications. I don't know how much post of PR is required at the later stage, but at this time I don't think what actual PR does is being carried out.
- Secretary: We can't shift the roles of VP to PR as VP is already handling a lot of work. So you need to justify.
- VP: Gives justification of his suggestion.
The publications also have to be shifted and the job roles should be revised.
- PR: PR is portraying whatever the association is doing to bring it on the public platforms.
- Advisor: Now we will go to the next nominee, Ashwith Koyalla, National Treasurer.
- Treasurer: *Gives the reason for the nomination.*
He has good understanding of the association and knows the job roles of the Public Relations. He can handle most of the proceedings in the amendment year as he has a good understanding of the association. Still I am not satisfied with his agenda but he can handle the post effectively.
- PR: **Explains his point.**
- President: We are thinking to dissolve this post because from the past 3-4 years the job roles of the post have not come out effective for the association. What a PR does in the other associations is much broader, but we cannot have a person not knowing much about the association should represent the association externally.
So what would you do, like redefine this or dissolve this post.
- ZP5: No I would look for the job roles of other associations PR roles and maybe ask the legal advisor to understand the job role of the PR as PR is the face of the association which passes on information on the public platforms, all these things have to be added.
- Advisor: Moving on, now we will hear the agendas of Manogna Malempati, contesting for the post of National Vice President.

Z520: Good Morning everyone, i am Manogna Usec of Z520, I will start with my vision statement.

Explains her vision statement and Agendas.

Advisor: Z634, can you please elaborate why you have nominated Manogna?

Z634: Through her tenure at Usec, I have seen her take new initiatives. This exhibits the leadership skills and the ability to make things happen. Secondly i think her agenda strongly supports the need of the hour to connect to the students. She also understands the role of the VP and knows about the association very well.

Advisor: Any questions from GC, EC and ZC?
Any questions to Aniruth?
Article 10, she has mentioned about giving powers to ZP's to start a initiative, What do you say in this as you are also standing for the post of Zonal President?

Z634: I think it's a good initiative.

Advisor: why is it that it should be made a compulsion, every Usec has to think for the betterment.

ZP1: the Usecs they know about the posts of EC as mentioned in the Constitution. But actually the job role is much diversified, and one person has to handle varying kinds of work throughout. She should be aware that what does the person in Zonal Council does.

ZP4: The job role of the ZP as mentioned in the constitution, generally this is what the Usec's know but i understand that there is a much wider area of work which is to be done.

ZP3: I think there is a lack of knowledge about the Zonal Council post and the Usecs are not really aware of the job roles and other works.

ZP4: Lack of knowledge is a strong statement to which I agree, it is not properly formed.

____: See whatever is mentioned in the form is just the suggestions, and it is not like it will be added in the constitution, for this point making it a compulsion, I don't think that will work.
Demands can't be put into the constitution.

Advisor: They disagreed that it should be made compulsory, any suggestions to Manogna?

Z634: *Justifies the point.*

Advisor: Any more questions to him, from GC?

Secretary: The next Usec who nominated her is Priyal from Z214.

Advisor: The next nominee is Priyal Mehta Z214.

Z214: One of the main things I liked as an initiative was taking a step forward towards the research cell. This thing could be brought forward. She tends to bring the best in the website which could prove to be very beneficial in the coming years. If research cell also comes up in the website then the students will be looking towards the website apart from the trophies and other stuff. This module will become a knowledge base for the students.
Apart from that I know her personally and whatever the points she has specified she will fulfil. If it's correct she is speaking and if it's not then she does not speak.

Advisor: Any questions to Priyal Mehta, the nominee, GC, EC, ZC?

Secretary: You talked about research cell initiative which talked about resources in our website but don't you think the online library is already there. Research cell also being the initiative which has already been started.

Z214: In her vision statement, having website not only as a platform but to have it as a knowledge base also. Research cell was proposed to add those things, but if it is little more than the students will be more students. Other informations can also be put up.

Discusses further about her vision and agenda

Z520: I was thinking about the minutes to get uploaded on the website faster and I have talked to Ashwith also. I think we can figure out a way to let this happen at a quicker pace.

Advisor: Headquarters, you guys want to say anything?
Manogna, can you suggest some measures for minutes?

Z520: I know that the people outside of EC and GC are not allowed but I was thinking that the people who know shorthand or something like that can attend the meetings and write minutes. Because we have already tried out other things but the approach is not accurate.

Secretary: The main intent of having such a document is that TD gets to know about the association and its working and then he can take up the other posts quite effectively.

Z520: Yeah we have had discussions about this in FCM also, that the minutes may be released as soon as the meeting gets over so that everyone can review and the process gets faster.

President: What do you think is the intent of having TD?

Z520: The post of TD does not suggest this work but as Abid said, that TD gets to know about the workings of the association, it's quite acceptable and justifies.

President: Writing minutes justifies then the learning of the association and the proceedings of the meetings.

Z520: Not 100%, but yeah 60-70%.

Treasurer: Don't you think about any other practical or feasible approach so that the minutes can be done faster and TD also gets to understand.

Advisor: Also not only TD is only responsible, the whole council has to go through and verify the minutes and release it to GC.

Z520: Answering to Ashwith about other methods, like Usec and UD's attend the meeting and they are also aware of the association, so maybe the TD can attend all the meetings and can assist in getting the minutes done.

President: How do we ensure that the minutes come?

Z520: As I was suggesting probably get a person who knows shorthand can write minutes. That would be an easier way to do it.

Secretary: I don't think the point of learning here will be the same, if you just attended the meetings because he is also not allowed to speak in the meeting. Just attending the meeting gets boring.

Treasurer: AT the time of meeting he doesn't get to understand all the things, but he has to go through the minutes 5-6 time to verify, in that way he gets to understand completely.

Advisor: What actions can be taken if the minutes are not submitted?

Z520: Reimbursements can be put on hold.

Secretary: That doesn't solve much of an issue, as someone who is having very less amount of reimbursements.

Z520: I think while taking up the posts it is his/her duty to get the minutes done, so he should be responsible just like the other posts in the council.

Secretary: Reimbursements are not a proper solution.
Not just TD but for all the council members reimbursement does not solve the issue.

Advisor: Because in the constitution it is written at various places that the reimbursements will be put on hold, but it is not effective.

Z520: I would like to add on to this, that this is something that is been voluntarily done by the students, so.

Advisor: Ok, so this is all that you have to say.
Fine, any more questions?
Ok.

End of Discussion on the agendas presented by the Unit Secretaries for standing on the various posts in the Executive Council and Zonal Council.

Election Takes place and the results are compiled and the result is then declared.
