## PERFORMING ARTS FUSION TROPHY | 2022-2023

A NEXUS CULTURAL TROPHY

### DREAMSCAPES

*"A Symphony of Music and Enactment, Guided by the Heart's Desires."*

Breaking the traditional barrier between art forms and exploring new possibilities of artistic expression, a multi-sensory and emotionally resonant experience for the audience.

Performing Arts Fusion involves the fusion of art forms: music, dance, and acting. It is important for the performers to keep in mind that the audience expects a cohesive amalgamation of these art forms. Thus, the performance should not be segregated, where individuals are dancing or singing separately, without any connection between them. Instead, the act should be a seamless blend of all art forms.

The performance should flow through the LIVE MUSIC & BAND and be expressed by the performers through dance and acting. The live music band will be the main focus with the act and dance revolving around it, enacting the music and storyline throughout the performance.

The goal is to create a unique and innovative performance that highlights the strengths of each discipline, showcasing creativity, versatility, and the power of their dreams & aspirations. Performers can tap into various artistic modes of expression and create a performance that transcends the boundaries of each individual art form. This experience can result in a truly immersive and engaging experience for the audience and can motivate them to pursue their dreams and goals by delivering a powerful message that resonates with them.
